For administrative purposes, the delivery rating period excludes the most recent 60 days. For ABVS purposes, delinquent lines represent shipments not shipped and/or received in their entirety by the Contract Delivery Date (CDD).

Quality Complaints

- Product Nonconformances/Laboratory Test Failures
- Packaging Nonconformances

For administrative purposes, the quality rating period excludes the most recent 30 days.

NOTE: The above 60 and 30 day offset periods are NOT grace periods.

(2) An offeror's past performance is an indicator of performance risk and will be evaluated first on the basis of past performance in the same Federal Supply Class (FSC) as the supplies being solicited. The Contracting Officer may consider the volume of business on which the performance score is based as a measure of confidence in the FSC score. A vendor's overall score may be evaluated when a satisfactory measure of confidence cannot be obtained from the FSC score or if a vendor has no FSC score. The Contracting Officer may also take into consideration any other available and relevant past performance data.

(3) An offeror with no performance history in any FSC procured by DLA will be identified as a new offeror and will not be scored by ABVS on performance. However, any other available and relevant past performance data may be considered in rendering an award decision. Regardless, the status of being a new offeror will not be grounds for disqualification for an award. New offerors may be considered more favorably than scored offerors with a poor performance record. Also, the desirability of expanding the supplier base and possible competition enhancement in future procurements will be considered in the source selection decision when new offerors are present.

(4) ABVS ratings do not determine an offeror's award eligibility, or technical acceptability, nor does it constitute a responsibility or non-responsibility determination.

(5) By accessing the DSCC Internet Bid Board System (DIBBS), (<http://dibbs.dscccols.com/>), each offeror will be provided the opportunity to review their ABVS scores and negative historical performance data. For any questions or challenges to negative performance data, please forward requests/challenges to an ABVS Administrator at the below cited address, or telephone/fax an Administrator at one of the provided numbers:

Mail requests to: Defense Supply Center, Columbus

(6) When a discrepancy between contractor data and Government data occurs, the Government will make every effort to resolve the discrepancy expeditiously. However, the Government may make an award decision despite the existence of an unresolved challenge. The Government is the final authority for resolution of disputed data and its use in the source selection process.

(c) Price. In making an award decision, the Government may consider price as follows:

(1) Offered Price - The Government will evaluate the reasonableness of the offered price after a price analysis of offers is performed.

(2) Evaluated Price - If required, the evaluation process may include the Factor (DEF), the Small Disadvantaged Business Concerns (SDBC) preference, and/or any other applicable price
